SUMMIT

- Since Summit Public Art's inception in 2002, we have installed over 100 artworks throughout the city turning it into a readily accessible, open-air art gallery.
- Our City of Art celebrates the diverse artwork of acclaimed and emerging artists, local to across the globe.
- We have forged new partnerships with local businesses and nonprofits, using the power of art to strengthen our community ties both culturally and economically.

THE CITY OF ART

Capitalize on the power of public art— become a Summit Public Art supporter.

Summit Public Art is a 100% volunteer, city-based organization. Although we are a city entity, SPA funds its installations and operations primarily through private donations, which means that the art seen around town comes directly from businesses, friends, and neighbors.

We enhance the cityscape by infusing it with contemporary art installations that provide public art experiences to our diverse community.
